Juvenile Fire Prevention saves lives. Did You Know...

- More children die by fire than any other childhood disease
- 30% of the kids that die in fires start the fires that kill them
- With intervention, 99 % of fire-setting behaviors can be eliminated
- BCJFP has helped over 2,000 kids overcome these dangerous behaviors

Join Us On October 7th & Help Us Continue This Important Work

SHOW BEGINS AT 9 PM
